Bunn ICB Infusion Series™ Twin Coffee Brewer***	37600.0003	Automatic	2	Stainless	18.9	Yes	No	Stainless	No	No	120/208 Funnel Locks

* Digital Brewer Control - touchpad digital technology gives you more control over your brewing process by offering better temperature control, more hot water from faucet, faster recovery time, higher brewing capacity, automatic shut-off and built-in electronic diagnostics.

** 120 volt models require 2-wires plus ground service rated 120V, single phase, 60 Hz. 120/208 and 120/240 models require 3-wires plus ground service rated 120/208 or 120/240V, single phase, 60 Hz. For questions, call Bunn Technical Service at 800-637-8606.

***The ICB incorporates BrewWISE® technology, digital display for easy programming, and brews into 1 or 1.5 gallon servers. The BrewWISE intelligence digital system will store a variety of coffee brewing recipes. And pre-infusion and Pulse-Brew™ technology allow you to get maximum flavor extraction. By pre-setting the three coffee profile selection buttons, you ensure that your customers will receive the same great coffee every time.
